## New Release Feature(s)

---

This release of the driver adds the following features:

- Support for Generic Folder Interface
- Support for Account Management
- Support for Synergix Print Systems 510dp and 721p

## Installation

---

The **English** version of the XES AccXES HDI7 AutoCAD 2002 Driver will be delivered as a self-extracting zip file called **AccXES90HDI7\_2002e.exe**. Executing this program will extract the files to a default directory (c:\AccXES90HDI7\_2002) or to a directory of the user's choice (e.g. c:\temp). Use the AutoCAD 2002 Add-A-Plotter Wizard to add the printer:

1. Start AutoCAD 2002
2. Click "File" and select "Plotter Manager"
3. Double click on the Add-A-Plotter Wizard Icon.
4. Follow the instructions on the screen until the "Have Disk" button is displayed. Click "Have Disk" and browse to the location where you unzipped the files (example: c:\AccXESHDI7\_2002). Select DRV\_XES.INF and click "Open". The driver files will be updated on your AutoCAD 2002 system.
5. Select manufacturer XESystems, Inc.
6. Select the printer you wish to install and follow the instructions.

The following files are installed when doing an **Add-A-Printer** with the Have Disk button.

| Files        | Destination                                 |
|--------------|---|
| XES7.HDI     | \DRV subdirectory of your AutoDesk product  |
| XES7.DRC     | \DRV subdirectory of your AutoDesk product  |
| 8830ansi.fin | \DRV subdirectory of your AutoDesk product  |
| 8830arch.fin | \DRV subdirectory of your AutoDesk product  |
| 8830iso.fin  | \DRV subdirectory of your AutoDesk product  |
| DRV_XES.HLP  | \HELP subdirectory of your AutoDesk product |
| DRV_XES.CNT  | \HELP subdirectory of your AutoDesk product |

## Driver Removal

---

While AutoDesk provides a mechanism for removing the entire AutoCAD 2002 installation, they do not provide a mechanism for removing specific driver files. The 7 files shown as installed above, may be removed by exploring and deleting the individual files.
