- This driver is for systems with Mac OSX v10.2.x and Mac OS X 10.3.3 to 10.3.5.
- Systems with Mac OS X 10.1.x and Mac OS X 10.3.0 to Mac OS X 10.3.2 require a different driver.
- When printing Cover Page, "JobID" and "Title" are sometimes printed in different layouts.
- When printing from Adobe Illustrator 10, duplex printing does not work. This is an illustrator issue.
